Special
Methodology
Course

I have been in Bournemouth for nearly two weeks now and I have been having a really good time. I am an English teacher from Hungary and I am attending the Special Methodology Course. We have wonderful teachers, who are always well-prepared and give us an awful lot of good examples and materials in order to try them out in our own schools. Some methods we already know and use ourselves as well, but it is worth talking about them with the other colleagues in the group. I am very happy that I chose Richard Language College because I have learnt a lot, and the atmosphere in the group, thanks to the informal teachers, is tremendous.

It is absolutely fantastic in Bournemouth. I study English in RLC, which has nice teachers, various social programmes and friendly students who come from other countries.

On weekends I always enjoy everything in Bournemouth. For example, going to the beach, going to the library, going shopping in the town centre and doing exercise in the park. Its quite a peaceful place. I love it.

My English teacher recommended this school to me. I think that was a good idea. My accommodation is very good. It is a very nice family. I am going to take an exam (FCE) next year. The people in reception are very kind and helpful.

I want to say that I am satisfied with my stay in Bournemouth. The lessons of the course "Business Communication" improved my knowledge immensely. I am sure that the exercises we have done will help me to communicate better with my business contacts. My host family was also very friendly and polite, I enjoyed my stay!

I think the college is very good. I have very good teachers and learn English day after day. I studied English at school a lot of years ago and I have forgotten grammar and words.

Dear staff, thank you very much. I had a good time in Bournemouth at your college. And to all the teachers as well, thank you very much.

I really enjoyed the large selection of restaurants within walking distance of the school. Every lunch break I try another one. It was a new experience to make a presentation and later to see myself on the video. My host family are very kind. It has been a very pleasant stay!

I have just finished a 4-week course at the Richard Language College in Bournemouth. I worked with up to 7 other students in an intensive English course in the mornings and in the afternoon. I worked with a teacher to improve my speaking and writing. During my stay in Bournemouth, I visited many interesting places like Salisbury, Christchurch, Poole and the Jurassic coast. I have enjoyed my time a lot in Bournemouth and my English is now much better. RLC will remain in my memory and I hope to come back again.

Nationals of countries which are members of the EU, and countries with which the UK has reciprocal arrangements, are also entitled to treatment under the National Health Service but should check in their own country prior to departure which documentation they need to bring with them, in order to qualify for treatment. Students who do not have the correct documentation may find it is not possible to receive free treatment and may have to pay as private patients.

Medical Insurance

Richard Language College is able to help with arranging medical insurance. This can be arranged at the time you make your enrolment (please remember to request this) or on the day of your arrival at the College.

At the time of writing, the cost of living in England is quite high. This means that you may need to be careful with how you spend your money, and what on, during your stay in Bournemouth.

There is a regular and varied College social programme in which you are welcome to take part. If there is any cost, this is clearly indicated before you buy. However, you may wish to spend your free time in another way. We will gladly give advice on where to go and what to do. The College is also able to point you in the direction of cheaper shops and outlets, as well as restaurants that charge reasonable prices.

Here are some answers to some basic practical questions to do with your daily living:

“I want to wash and dry my clothes.”

If this service is not included, there are launderettes in Bournemouth where you can wash your clothes for a reasonable charge.

“I want to go for a drink or a bite to eat.”

There is a wide range of international restaurants and snack bars. Please ask in Reception.

“I have a small budget that needs to last. Can you advise?”

There are many ways to save money if you are well-informed. Lidl & Aldi sell cheap quality food. Wilkinsons are ideal for anything for your body or for the home or for personal use, such as travel adaptors, batteries and toothbrushes.

“I want to send a letter to my home country.”

Stamps can be purchased locally from post offices and other outlets.

“I want to make a phone call to my home country.”

Avoid using your own mobile phone. However it is possible to buy a special SIM cards for use in your own mobile to get good discounted rates to international countries.

“I want to use public transport while I’m in Bournemouth.”

Yellow Buses provide weekly bus passes for unlimited travel at reasonable prices, or you buy your ticket on the bus. Individual trips can be very expensive. It is possible to use local yellow taxis, which are clean and safe. Check the price with your driver.

“I want to buy some English Pounds.”

Outlets such as Marks & Spencer's or the Post Office buy and sell currency at clearly indicated rates. Please ask the Reception for advice.

“I want to use the Internet.”

Computer access at the College is free but limited to short sessions, because of high demand. You are better off going to a local Internet Café, where you can surf and e-mail at very reasonable prices.

“I have an medical emergency in the middle of the night.”

Speak to your host family. If this is not possible, the national emergency number for medical and other emergencies is 999.

“I need to see a doctor or dentist.”

Please see page 14 or ask the Reception for advice.
