Richard Language College and Bournemouth

Richard Language College is a medium-sized school for adults situated on the south coast of England in a safe, high-class residential area. Bournemouth is a cosmopolitan, seaside resort where most people speak clear English. The college is accredited by the British Council and was the first English language school in Bournemouth to pass an inspection aimed at maintaining excellence in language schools across the whole of Europe. The inspection was carried out by EAQUALS (The European Association for Quality Language Services). The college specialises in short intensive programmes and enjoys a high reputation, developed over 70 years, for long courses. We are also the IELTS/TOEIC testing centre for the region. Richard Language College offers small classes, a good nationality mix and full social programme. Facilities include multi-media resources, free Internet access and cafeteria.

Course

Maxima Intensive - AM

Maxima Intensive courses involve small-group teaching for adults, including company personnel. These courses allow concentrated study of general English with special reference to practical communication skills and comprehension of native speakers to give maximum opportunity for success in conversation.

Lessons are based on an oral approach to language learning; reading and writing are used in a supportive role where necessary. We include a strong element to 'reactivate' the learner's knowledge of the essential structures of the language.

Full use is made of audio-visual resources and modern teaching methods. Each class sees more than one teacher a day to ensure a contrast of accent, delivery and approach. Courses are in 4-week modules with course start dates arranged to balance academic control with flexibility of arrival.

One-to-One - PM

The one teacher to one trainee formula means a highly intensive, flexible and well-organised teaching programme that does not waste any valuable time. The completion of the Needs Analysis Questionnaire and the Pre-Test allows the precise language aims of each trainee to be identified before arrival in the UK, so that an individual programme can be designed to obtain optimum results.

We can also offer specialist tuition for participants who require English for Specific Purposes, including:

- Computing
- Journalism
- Airlines
- Banking
- Business Management
- Information Technology
- Hotels and Tourism
- Technicians & Engineers
- Oil Companies
- Customs and Excise
- Administration
- Secretarial
- The Armed Forces
- Law
- Diplomacy
- Government

Homestay Accommodation

Accommodation will be with one of our experienced British host families. Staying with a host family gives the opportunity to practise what has been learned during the day and absorb English expressions, which only occur in the home or family. Accommodation will provide a single room with half board during the week and full board at the weekend.
